INVEST IN AMERICAN EAGLE SILVER BULLION COINS

American Eagle Silver Bullion Coins are affordable investments, beautiful collectibles, thoughtful gifts and memorable incentives or rewards. Above all, as legal tender, they're the only silver bullion coins whose weight and purity are guaranteed by the United States Government. Furthermore, long-term savers can include American Eagles in their Individual Retirement Accounts (IRAs).

Silver has historically been the most affordable precious metal. Since 1986, the United States has minted one-dollar silver coins called "Silver Eagles." Each contains a minimum of one troy ounce of 99.9% pure silver.

Each Silver Eagle is a work of art meticulously crafted to the exacting standards of the United States Mint. The design is based on Adolph A. Weinman's 1916 "Walking Liberty" half-dollar, widely considered one of the more beautiful American coins ever minted.

Silver Eagles are easy to buy and sell at most coin, precious metal and brokerage companies. Prices are based on the market price of silver, plus a small premium to cover minting and distribution costs.

Affordability. Credibility. Beauty. They're the qualities which have made American Eagle Silver Bullion Coins the world's best-selling silver coins, with nearly 70 million sold since 1986. They're reasons to invest in Liberty today.

	<i>One Ounce Silver</i>
Content	Silver: 0.999 Troy ounce, 31.072 grams*
